

### Valuations update – June 2020

In areas where it is possible, we are now carrying out physical property inspections, but an inspection will only be arranged where the surveyor deems the visit to be safe.

In areas where physical restrictions are still in place, we will continue to carry out a desktop valuation on properties that are either single self-contained units or have up to four tenants. If you are aware of a physical restriction in the property area, please ensure that a completed [Property information form](#) is provided with the application.

### Applicants

- All applicants must have a current UK passport and have held a UK bank account for a minimum of three years.

### Property

- The services of a managing agent must be engaged to oversee the property, and details of the agent must be provided prior to completion of the loan.
- For purchase applications, proof of the source of deposit will be required in all instances.

## Affordability assessment

### Standard SSC properties

The gross rental income from the property should equal or exceed the ICR as determined using a combination of the tax band applicable to an applicant's income and the property type. The tax band applicable to the applicant with the highest income will be used. The calculation will be based on the amount requested, at either the product charging rate plus 2% or 5.5%, whichever is the greater. The exception to this rule will be 5 year fixed rate products, which will be calculated using the amount requested, at either the product charging rate or 4.00%, whichever is the greater. The applicable ICR rate will be shown against each product.

### Expatriate applications

The gross rental income from the property should equal or exceed the ICR based on the ICR percentages below. The calculation will be based on the amount requested at either the current reference rate of 5.5%, or the product charging rate plus 2%, whichever is the greater.

Applicant type	Applicable ICR
Basic rate tax payer (20%)	125%
Higher rate tax payer (40%)	140%
Additional rate tax payer (45%)	140%
Expatriates	140%

We must be satisfied that the applicant(s) are able to withstand increases in mortgage interest rates, cover rental voids and be able to afford the mortgage now and after any fixed period expires.

### Future affordability

To cater for the PRA affordability regulation, we will require a property schedule to be completed as part of the online application in every case (a PDF version of the property schedule is available on our website). We will also need to ask for more information about your customer's income to enable us to apply the appropriate tax band and ICR to the affordability assessment. This product guide sets out how all future applications will be assessed, and at what rate and ICR.

### Advance

Up to 75% LTV	Up to 70% LTV	Min loan	Max aggregate loan	Min income	Min age	Min term	Max term
£750,000	£1,000,000	£30,000	£1,000,000 may be advanced to an applicant on a property portfolio	£25,000	21	5 years	25 years

### Consumer buy-to-let

We will accept applications that qualify as consumer buy-to-let mortgage contracts, if the appropriate criteria is being met. Applications can be accepted from expatriate consumer buy-to-let applicants. However, where the property is not currently let, the applicants must be able to demonstrate surplus credit to cover a minimum of three months mortgage payments, in the UK bank account from which the mortgage payments will be collected. More information concerning consumer buy-to-let can be found on our website at [www.paragonbank.co.uk/personal/mortgages/buy-to-let/consumer-buy-to-let](http://www.paragonbank.co.uk/personal/mortgages/buy-to-let/consumer-buy-to-let)

### Paragon customer placement

Applications for limited companies, limited liability partnerships, HMOs and multi-unit blocks must be submitted through the Paragon portfolio application process, even if the customer is classified as non-portfolio under PRA regulation.

## £ Fees

The mortgage valuation report is a Security Assessment carried out for the benefit of Paragon Banking Group to determine if a property provides acceptable security for mortgage purposes. A valuation fee may be charged at application stage, where applicable, in accordance with the fee scales shown above. Where an internal inspection has been carried out and the proposed security is subsequently declined, a valuation report will not be made available although a summary will be given advising why the property is deemed to be unsuitable. In these circumstances the valuation fee, if paid, is non-refundable.

**In conjunction with other criteria, we will assess the affordability of a mortgage based on the expected monthly income generated from letting the property to a tenant. The actual income generated may be different and can be influenced over time by changes within the rental market. The applicant(s) will remain responsible for meeting the costs of the mortgage and the additional costs associated with letting property for the duration of ownership. Please refer to Paragon's non-portfolio buy-to-let lending guidelines and submission requirements for full criteria.**
